

# Challenge to The Fallen One

*-Caleb Pradhan*

O Lucifer, the fallen one  
It's always better to thank  
The creator for what  
He has given to fear from  
Searching for the secrets  
He will let us know later.

O Lucifer, the fallen one  
To accept a little is to  
Have more of his Joy  
Than to be stripped & forsaken  
From his glory.

O Lucifer, the fallen one  
To accept the serenity of  
What I have got

Always teaches me to enjoy  
In the fulfillment of his covenant,  
He made with me in the Garden of Eden.

O Serpent the clever  
But the cursed crawler  
By thanking Lord I continually  
Enjoy to be crucified with Christ  
And to live in flesh  
Not for the World  
But for the Lord.

It's all for Lord Jesus  
Has and is giving me  
The courage to accept  
Things that is to come  
Because fear of the Lord is everlasting

But fear is best when  
Adversaries has failed  
To threaten my mortal soul  
Created for the immortal Lord  
Who destroyed you  
On the cross of Calvary  
O! Fallen Morning Star.
